### Testimonials

- Best nuclear medicine teaching I have received so far (UK).
- Thank you very much. Extremely useful lecture. NM isn't well taught in many training schemes (UK).
- Many thanks and most appreciate your time and effort, both the speaker and Dr. Khan. God bless you all (UK).
- Excellent, really helped my understanding of Nuclear medicine (UK).
- Thank you so much for your time. Wonderful approachable and supportive examiner (UK).
- Thank u so much Dr Khan for your great effort Thanks Dr Andrew it was an awesome lecture (Yemen).
- Thanks so much Dr Andrew Hails and thanks a lot Dr Khan! (Pakistan).
- I appreciate the work done by Dr khan the other instructors. it's a great platform to learn and I feel lucky that I got the chance to be part of it (Pakistan).
- Thank you both for the time and dedication to teach us (UK).
- It was an excellent lecture covering everything in nuclear medicine. I find it generally a hard topic but he made so many things really easy. Thankyou sir (Pakistan).
- Thank you so much for your time and effort (UK).
- Thank You So Much . Great Session (Pakistan).
- Such an excellent overview, thank you Dr Hails (UK).
- It was a very informative session and very good cases were shown. Thanks for these elaborate sessions (Pakistan).
- Thank you so much for the excellent session (Pakistan).
- Great delivery really liked the lecturer (UK).
- Great knowledge /Teaching (Pakistan).

The screenshot shows a Zoom meeting interface. At the top, a status bar indicates "Recording..." and "You are viewing Dr Andrew Halls's screen". A video thumbnail of Dr Andrew Halls is visible. The main content is a presentation slide with the text "Tc 99m MDP: Radiotherapy to left apical lung mass" and a skeletal diagram of a human torso. A "Participants (486)" window is open, showing a list of participants with their names and roles. The "Participants" icon in the bottom toolbar is circled in red.
