- First of all let me express my full gratitude not only to Dr Khan but to the entire team. Most people want to still charge loads of money despite conducting course virtually. Thank you for arranging the course virtually and allowing so many participants from all over the world to join. Kindly continue the course virtually in the future so lots of doctors can take advantage of it (It will be very helpful for all future candidates) if it is conducted before every exam in the future. If not possible then kindly make the recorded videos available via the website (free or chargeable) as you please (UK).
