Testimonials

- "Thank you Dr Imran for your time, you are a great teacher! Very useful lecture covering the upper limb anatomy clearly and in detail! Grateful as always to Dr Khan and team" (UK).
- These Lectures are the best ones I've ever Came across! (Pakistan).
- Superb, lots of new knowledge gained. Will definitely be reviewing the learning from last two sessions and applying them in my reporting. Many thanks indeed to Dr Khan for his time and expertise (UK).
- "Amazing lecture! Thank you for the recap from the previous lectures. Dr Imran went through the anatomy clearly and concisely, the way he associates the ligamental anatomy with the corresponding injuries on plain radiographs is extremely useful. The viva cases were great, though sometimes the level is above ST1. Nonetheless great learning!" (UK).
- Quite an advanced session with lots of information, which if implemented from now, will make ST4-5 very easy and make exams easier also." (UK).
- Phenomenal teaching, so enthusiastic and engaging. Thanks so much (UK).
- Very captivating, informative and engaging, thank you! (UK).
- Amazing!!! (Saudi Arabia).
- It was a great lecture. Could not describe how much it was beneficial. Thank God for getting opportunity to attend sessions like this. (Oman).
- Wonderful teaching (Saudi Arabia).
- Brilliant, Dr Imran Khan is a fantastic teacher (UK).
- Great teaching. Really useful examples (UK).
- Great teaching Dr Imran Khan and great organising Dr Sami Khan! (UK).
- Awesome (Turkey).
- Excellent.. thank you Imran (Czech Republic).
- Thank you to Dr Sami Khan and Imran Khan! (UK).
- Fantastic (UK).
- Excellent talk and very informative. It helps us in good reporting (Pakistan).
- "An amazing session, Dr. Imran and Dr Khan thank you so much for all the efforts. Haven't been able to attend all sessions unfortunately" (UAE).
- It was superb (Oman).

Session 1.13: FRCR Part 1 MSK Upper Limb Anatomy (i) Plain X-Rays (Part B) (ii) Trauma (iii) Rapid Reporting (FRCR 2B)

- Very lovely presentation (Kenya).
- Excellent. Thanks to the whole team (Oman).
- Excellent teaching again. Concepts very well explained and good methods to help memorize anatomy. Thank you! (UK).
- Brilliant systematic approach to teaching anatomy and pathology with respect to radiology (UK).
- Good detail of cases and I like that slides are not wordy and each slide has detailed pictures when you're explaining. Good timing of breaks. Thanks for explaining the wrist tendons, this was definitely needed (UK).
- Very good teacher indeed (UK).
- That was a fantastic teaching session. Really clear explanations of anatomy and pathology (UK).
- The variety of cases and the easy way of teaching with interactive sessions were most useful (UAE).
- "Dr Khan's insight and expertise- gave frequent top tips, mnemonics, real life case examples. Explanations were great, and he answered questions in the session.
