Testimonials

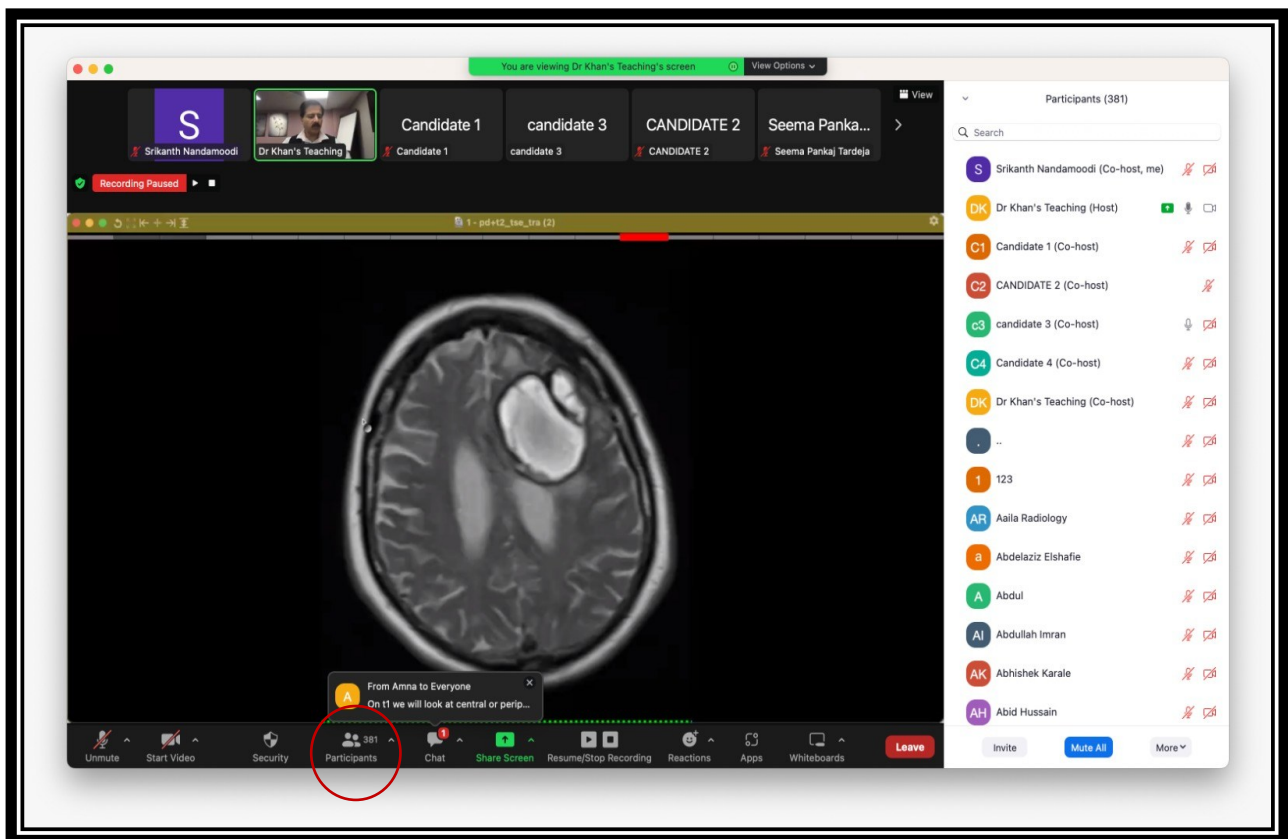

- I liked FRCR oriented VIVA questioning. Where I work we are mostly locally trained via our local master's programme. This is a valuable insight on FRCR exams for those of us attempting the exam (Malaysia).
- Glad to have a dedicated teacher like Dr. Sami Khan who is helping thousands of radiologists to perform better in their exams as well as daily reporting (Saudi Arabia).
- No one teaches like Sir does. Clears concepts.
- Good overview and recap of prior knowledge learnt on previous VIVA session to help cement learning. This is a great tool thanks (UK).
- Current times of crisis and business minded people Dr Khan is delivering a beyond human service to many students (UK).
- Thank you for organizing such lectures (India).
- Great presentation (South Africa).
- Anatomy gets more interesting with pathology cases which makes you learn it forever (Saudi Arabia).
