Testimonials

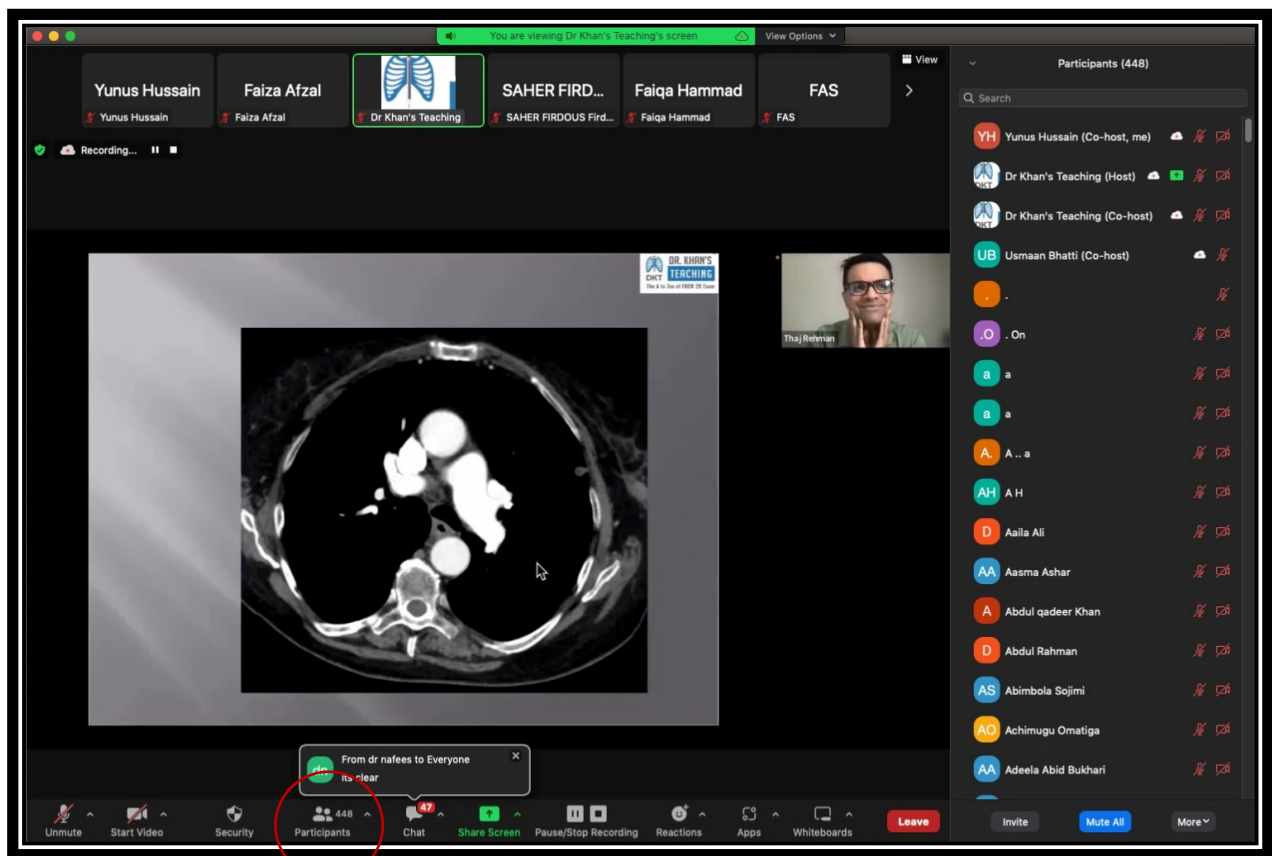

- Amazing session, very informative and helpful for a new trainee in Radiology. Multiple cases reviewed with explanation of pathology (UK).
- It has been an amazing experience coming from someone at the backend of DKT helping out with its organisation to now using it to learn radiology as a trainee (UK).
- Great content. Still really appreciate the time and effort it took to produce this (UK).
- Exceptional work by Dr Khan and team (Zimbabwe).
- Superb session (India).
- The way candidates were advised and facilitated to perform in real exam was excellent. Also tips like urging candidates to ask for other radiographic views, history of patient and also telling the examiner about next investigation was very helpful (Pakistan).
- Perfect coverage (Egypt).
- The moderator was top notch (Nigeria).
- Very good collection of xrays were shown, with very satisfactory explanations, covering all important topics (Pakistan).
- Nice cases (UAE).
- Good cases and excellent detailed explanation (Pakistan).
- Interesting cases (Pakistan).
- The choice of topic and x-rays shown were really good (Pakistan).
- Good case selection (Bahrian).
- Excellent explaining chest signs (Algeria).
- Images and illustrations were the most useful (Nigeria).

DKT FRCR 2B Practice Viva (Session 28) - Basildon A to Zee Course: Chest X-ray for FRCR Exam (Part 1)

- Descriptions and corrections were the most valuable (Nigeria).
- Feedback and review slide were the best aspects (Algeria).
- Great discussion and teaching with regards to chest X-rays (Kenya).
- Interactive session, elaborated each point with detail, taught how to make proper approach (Pakistan).
- Interactive session (Pakistan).
- Excellent exclusion criteria. How to narrow down your diagnosis and reaching final diagnosis! Great session" (Pakistan).
- Excellent content and delivery (Pakistan).
- Individual feedback regarding weak points was the best aspect (Saudi Arabia).
- Excellent explanations of image findings (Nigeria).
- Amazing cases and quality teaching (Bahrian).
- Approach to the x-ray, top differentials in different presentations were very helpful (Pakistan).
- Every aspect was useful (Pakistan).
- Advice on correlating radiological findings to clinical presentation was the most useful (Malaysia).
- The whole session is fantastic but I like discussion in endotracheal tumor more (Sudan).
- The x-rays were good (Kenya).
- Good array of films (UK).
- Great session (Iraq).
- A1 (Pakistan).
- Teaching material was excellent (UAE).
- Many cases, and useful teaching points after (UK).
- Exams tips on review areas were really helpful (Zimbabwe).
- Excellent simulation of exam pattern and cases (Sri Lanka).
- Excellent training of the thought process (Qatar).
- Every aspect was useful (India).
- Excellent differentials with explanation. Content quality is top notch (Pakistan).
- Summarization of salient theory content at the end of each case presentation was the best aspect (Sri Lanka).
- Teaching style was excellent (Saudi Arabia).
- Knowledgeable presenter (Kenya).
- Great knowledge (Pakistan).
- It's wonderful (Pakistan).
- Excellent (UK).
- Perfect (UK).
- Very important session for 2B (Pakistan).
- Presented with nice cases, very helpful session (Bahrain).
- Very helpful (Nigeria).
- Amazing (Algeria).
- Impressive (Nigeria).
- Good session (Algeria).
- Great activity (Pakistan).
- Excellent job (Pakistan).
- Wonderful cases (Pakistan).
