Testimonials

- This teaching style (anatomy followed by pathology) has given me a new insight of radiological approach. I feel no text book does that except Crack the core, that too is not this extensive (Pakistan).
- Excellent session (India).

# Head and Neck - (1) Skull Base (2) Orbits (3) PNS (Part 1)

- The describing of anatomy followed by pathological cases to reinforce the anatomic concepts was useful. That makes pathology easy to identify (Pakistan).
- Excellent teaching session (Algeria).
- Happy student (Zimbabwe).
- Dr Khan teaching style is excellent (Pakistan).
- Everything was excellent (Iraq).
- Excellent anatomy review and orientation (Algeria).
- Base of skull anatomy- revision is always good. In particular I found the overview of pathology involving BOS, pterygopalatine fossa and orbits very useful (UK).
- I liked the anatomy !! The basic anatomy and radiology correlation side by side. Repetitions and quizzes were also useful (Pakistan).
