Testimonials

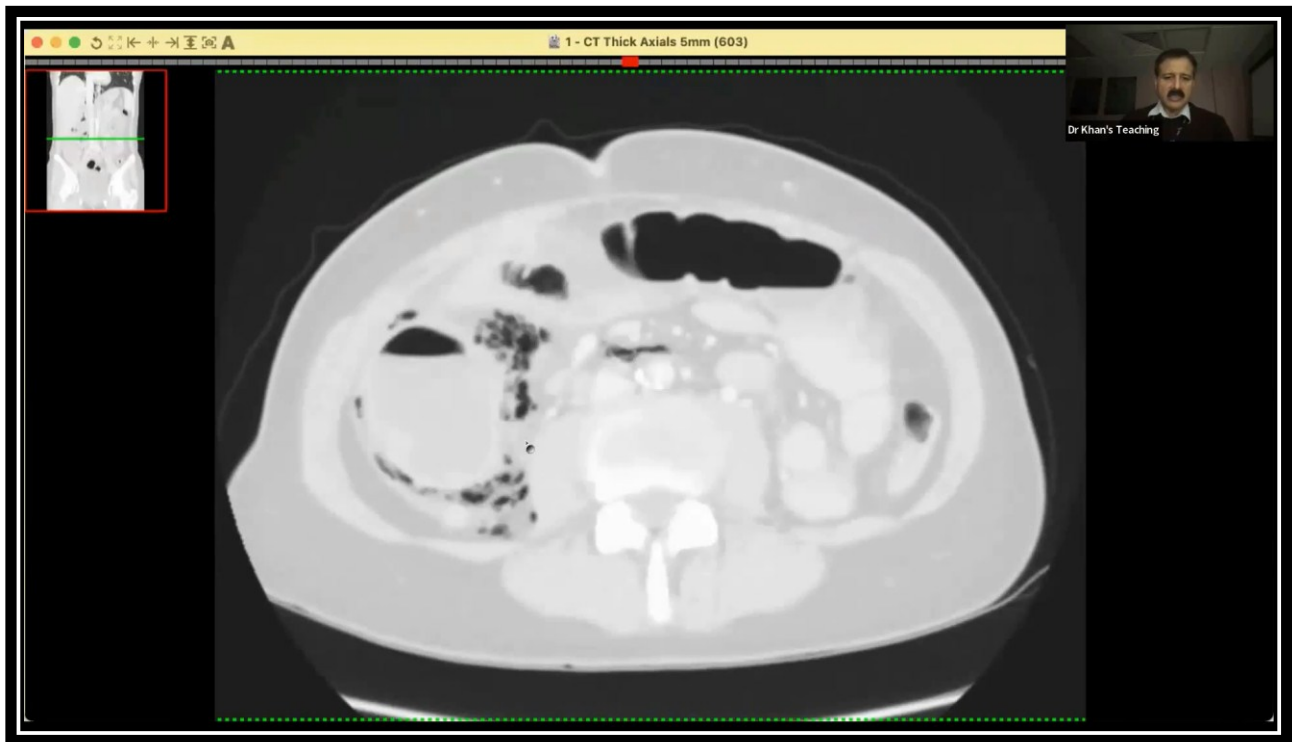

- Best radiology teaching sessions that I have attended (UK).
- Excellent teaching. I watched for the second time and it is still worth the time spent on a weekend. Thank you so much, Dr Khan! (UK).
- Excellent teaching by Dr. Sami, very well elaboration of clinical scenarios (Saudi Arabia).
- The sessions are useful to brush up the concepts in a short period of time with emphasis on key imaging findings not to be missed on the FRCR exams. It is equally useful in reporting cases on a day to day basis (India).

DKT Spotlight Series - Mastering CT in Acute Abdomen (Part 1)

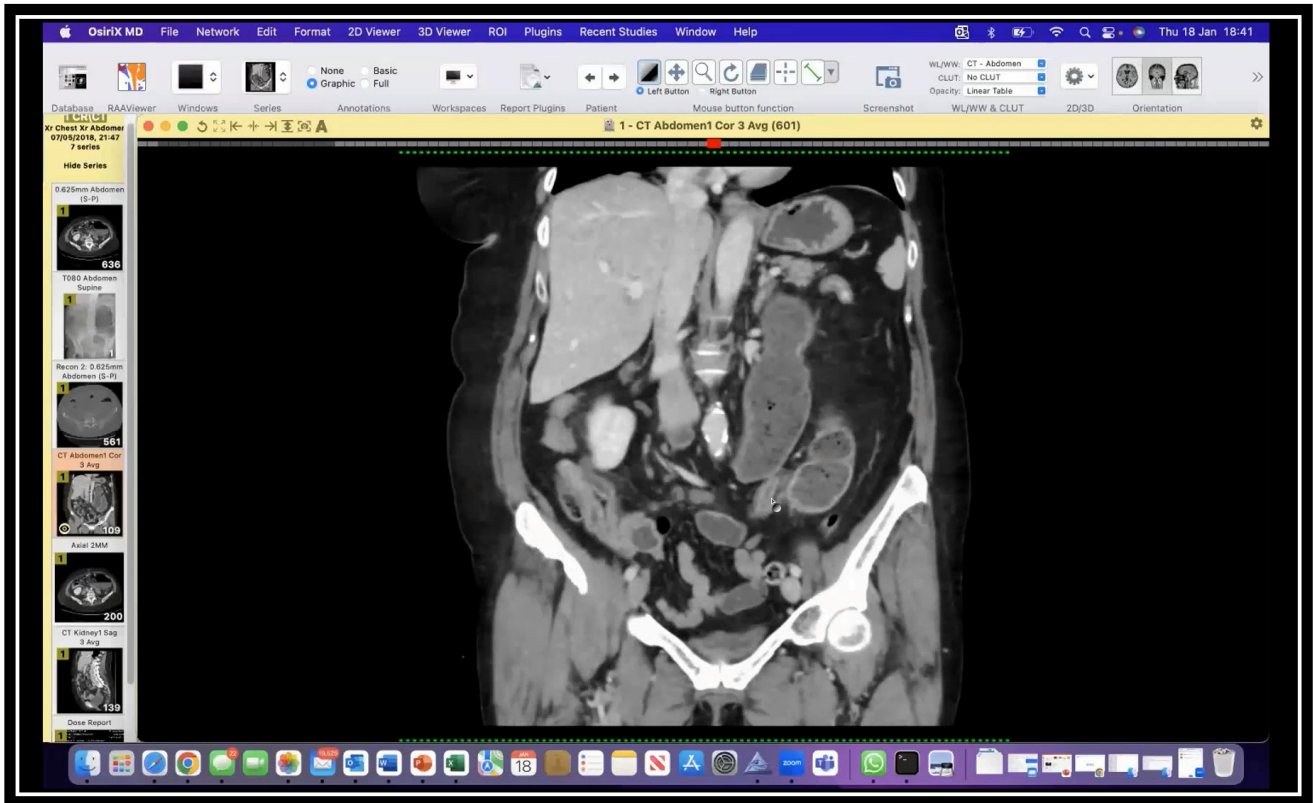

- Really appreciate the teaching pathological basis and anatomy with the cases (UK).
- Multiple cases, images of the entire spectrum of the cases, the theory behind the radiological presentation and how to go forward with that particular case in the exam and routine practice – all were very useful (India).
- Excellent teaching sessions and awesome learning forum for radiology. Thank you Dr Khan and his brilliant team (Pakistan).
- Best lecture about acute abdomen emergencies. Excellent cases for revision of emergency cases (Pakistan).
- The pace of the sessions is good. The clarity in explanation of concepts is commendable (India).
- Case discussion and how to correlate the findings with learning key points were the best (Myanmar).
- Learnt about the cases on acute abdomen (Sri Lanka).
- I am so thankful for the hard work your whole team is doing for free (Pakistan).
- Excellent teaching session (Algeria).
- Great session as usual (Nigeria).
- Impressive. Great work (Saudi Arabia).
- Extremely helpful, loved sir's approach of examining CT scans (India).
- Very useful session, will appreciate more sessions on emergency cases from other systems as well including CNS, chest and gynae as well (Pakistan).
- It was excellent (Saudi Arabia).
- The teaching after every case and lovely feedback regarding each one were great (India).
- Case sharing is wonderful. Thank you! (Malaysia).
- Teaching method and material were the most useful (UAE).
- Very good and useful (UK).
- Made everything regarding topic easy (Pakistan).
- Cases and Dr Khan's teaching were great (India).
- Highly impactful (Nigeria).
- Incredible (India).
- Excellent (Saudi Arabia).
- Excellent efforts by Team DKT (Pakistan).
- Superb (Malaysia).
- Excellent teaching (Malaysia).
- Teaching style and cases were excellent (Pakistan).
- Excellent cases and teaching style (UK).
- All the teaching was useful (Malaysia).
- Lecture and DICOM images were the most useful (Pakistan).
- Great variety of cases and explanation (UK).
- Great variety of cases and explanations (Malaysia).
- Cases and teaching were the best (Kuwait).
- Everything was useful (Saudi Arabia).
- Mixed case-based and didactic teaching (UK).
- Awesome (India).
- Great teaching (Pakistan).
- Excellent! (UK).
- Very good lecture (Sri Lanka).

DKT Spotlight Series - Mastering CT in Acute Abdomen (Part 1)

- Interesting cases and useful insights feedback (Algeria).
- Awesome teaching cases (Pakistan).
- Rare cases and focused teaching (UK).
- Cases were well explained (Pakistan).
- I liked the acute abdomen teaching cases in detail with teaching points (Pakistan).
- Excellent choice of cases with nice explanation (Pakistan).
- Lecture content was most useful (UK).
- Excellent session and exam codes with tips (Pakistan).
- Lecture and DICOM images were the most useful (Pakistan).
- Absolutely perfect (Pakistan).
- Variety of cases and discussion (Qatar).
