DKT FRCR 2B Practice Viva (Session 62) - Prostate MRI for FRCR 2B ... and Beyond

The screenshot shows a Zoom meeting interface. The main content is a slide titled "Common Artefacts" which displays a grid of MRI images. The grid is organized into four rows, each with a label on the left and several corresponding MRI slices on the right. The labels are: "Normal", "Motion (bulk motion, bladder spasm, rectal distension)", "Susceptibility (air, metal, motion)", and "Wrap (small FOV)". A red box highlights a 2x2 grid of images in the second and third rows. On the right side of the screen, there is a video gallery with four participants: "Dr Khan's Teaching", "Tristan Barrett", "candidate 2", and "Candidate 1". The bottom of the screen shows the Zoom control bar with various icons for Mute, Stop Video, Security, Participants (361), Chat, Share Screen, Summary, AI Companion, Pause/Stop Recording, Show Captions, Reactions, Apps, Whiteboards, Notes, More, and an End button.
