Testimonials

- Amazing session by Dr Khan with lots of high yield cases pertinent to the FRCR 2B examination. Thank you so much! (UK).
- Thank you for being an amazing teacher! Your classes have been a game-changer for me (India).
- I really appreciate Dr. Khan's dedication to teaching radiologists on a global scale. His stamina is unmatched. The current generation of radiologists is lucky to have a teacher like him (Saudi Arabia).
- Very very important cases that Dr Khan has selected for today's session. This will definitely improve our day to day reporting (Pakistan).
- Thank you very much for continuing this amazing work. Very good informative session (UK).
- Excellent and easy interpretation of cases by Dr Khan. Pls keep the good work sir. Thank u sir (Nigeria).
- Variety of cases and teaching of Dr Khan was useful. No one can match him (Pakistan).
- Fantastic neuro cases with valuable key points to mention specifically for the 2B exam (UK).
- Excellent session. Very important cases are shown. Clear my basic concepts (Pakistan).
- Variety of cases was most useful. Very good time management by Dr Khan (Egypt).
- Very detailed explanation. Cases had few subtle findings which help us in widening our horizons (UK).
- Imaging appearances of multiple diseases of the brain were shown on both CT scan and MRI which served as a good revision of a major chunk of neuroradiology (Saudi Arabia).
- Wonderful selection of cases. Thank you Dr Khan. You are truly a blessing! (Pakistan).
- Thank you for the session. It was very useful and a good learning opportunity. Very good case examples used so we could learn the pathologies (UK).
