Testimonials

- I will be forever thankful to DKT for arranging these weekly teaching sessions. They are the highlight of my week and have made a massive contribution to my radiological practice (Saudi Arabia).
- Dr Khans lectures are always always awesome, every word is a precious pearl for a radiologist (Pakistan).
- I'm just very grateful to Dr.Khan for his generosity. The session was great as usual. The cases were interesting and the discussion was informative (Yemen).
- DKT is way ahead in showing the pathway for us all (Zimbabwe).
- To focus on the possible pitfalls including the satisfaction of search. To focus on the unusual presentation of common pathology. To focus on the clinical status of the patient. To train my eyes. To enrich my theoretical knowledge. To learn from other candidates' mistakes (Yemen).
- Unusual cases - learnt things I had never come across before! (UK).
- I always learn something new during your sessions. Thank you so much Dr Khan and team! (Malaysia).
- Head and neck cases were the best (UK).
