Testimonials

- Brilliant way to demonstrate that sometimes having a strong focus may lose us the big picture. Thank you everyone, specially Dr. Khan (Nepal).
- Very good format to learn by mistake or missed findings which make us learn to go by protocol and search area. More session like this is highly appreciable (UAE).
- The decision to let other people present what they learnt from their mistakes is particularly commendable (Ghana).
- Very good teaching and cases. Sharing of errors in international institutions widens the knowledge of radiology errors ! Well done to the team (UK).
- The team is doing very well. More grease to your elbows (Ghana)
- Wonderful session, as always (Zimbabwe).
- We are Learning much from our mistakes for betterment of patients and striving for excellence in our field due to the efforts of our mentors like DKT (Pakistan).
- Very educational, life changing (UK).
- I liked the points that are not in any textbooks! vital points (UK).
- Listening to the Master of Radiology Sir Sami was most valuable (Pakistan).
- International presenters were great (Zimbabwe)
- Really enjoyed the different cases, loved the format. More of this REALM please (UAE)
- Very nice and good cases, a very nice way to learn. Please continue doing this (Pakistan).
- I think I would've fallen on many of the mistakes presented, thank you so much for the session. It was a very great session (Yemen).
- Most of the hidden areas are covered which is usually missed when we are doing a particular section reporting (Pakistan)
