Testimonials

- The ultimate collaboration! Dr. Khans teaching and Dr Curtis—simply the pinnacle of FRCR 2B learning! Amazing session and incredible cases! Thank you so much! Very useful for my learning! (UK).
- Impressive as usual, Dr. Curtis. You are really a great teacher and an amazing human being. I've learned alot from you since I started attending your sessions few years ago. Thank you very much. God bless you (Egypt).
- The explanation, looking beyond what's evident easily and remaining cool even if one case goes wrong - Very valuable lessons from the Master !! (UAE).
- Dr John Curtis is always a pleasure to have around. Please invite him again (South Africa).
- Excellent collection of cases and best explanation. Much needed collaboration. We want such sessions in future too. Thank you, Dr. Curtis and Dr. Khan (Pakistan).
- Great cases and seeing candidates practice was also valuable rather than someone explaining all the positive findings. Good to learn from mistake (UK).
- Nice collection of cases. Very helpful in training as seeing as a constellation of findings leading to a final diagnosis (Sri Lanka).
- Beautifully explained the radiological sign. Very oriented question and tips and tricks on how to arrive to diagnosis. Constructive feedback (Algeria).
- The session was very well conducted, and cases were explained in detail with other differentials and the next step of investigations, which was quite helpful (Pakistan).
- Really good quick cases that didn't take too long. Very valuable for 2B (UK).
- Dr. Curtis pack-up was perfect (Kuwait).
- Lovely cases and teaching (Zimbabwe).
- Dr. Curtis has very interesting cases!! (Libya).
