Testimonials

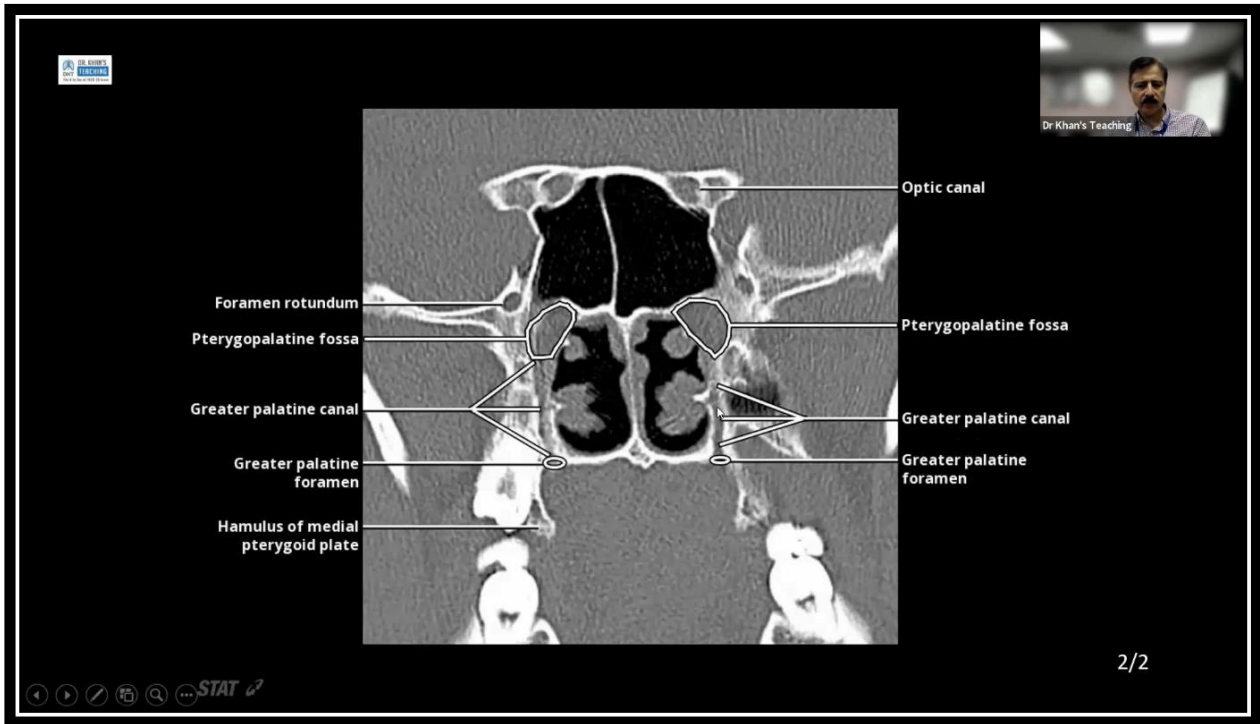

- Another as usual very detailed & informative lecture about the applied anatomy, case wise approach, with special mentions about the do's & dont's while presenting a case, from examiner's point of view. Hats off to such an amazing teaching platform (India).
- Good teaching session and excellent lecture delivered by Dr Khan on both anatomy and important points on paranasal sinuses (Malaysia).
- I really like how Dr Khan spends time on reinforcing the anatomy before discussing the pathology. Great lecture (Zimbabwe).
- Excellent teaching session. Excellent impaction of so much knowledge. God bless DKT team (Nigeria).
- So grateful for such an incredible lecture from Dr. Khan, with emphasis on applied anatomy, appropriate case wise approach for a wide range of exam oriented cases (India).
- Anatomy review, tips for exam and reporting the cases were useful (Algeria).
- The gentle teaching style was useful. So much was covered gracefully with ease (Nigeria).
- Excellent session incorporating real pathology cases which are relevant to the anatomy reinforcing the concepts (Pakistan).
- Selection of cases and teaching style, both of highest standards (UK).

- Good teaching session and excellent lecture delivered by Dr Khan (Malaysia).
- Excellent as always (UAE)
- Good teaching session and excellent lecture delivered by Dr Khan (Malaysia).
