Testimonials

- As usual detailed explanation of such a complicated larynx anatomy was very insightful. Thank you again for such an incredible teaching platform (India).
- Anatomy revision correlated with the DICOM study was beneficial. Complex laryngopharynx anatomy structures were simplified. Important tips were given to differentiate different levels of tumor involvement. Great focus on mastering the different levels and their content. It is perfection! (Algeria).
- Another enlightening lecture by Dr. Khan extending radiological knowledge round the globe. Thank you so much! (Pakistan).
- Complicated anatomy of larynx made super easy along with case wise exam as well as practice oriented explanation (India).
- A complex region for me. The lecturer explained the anatomy and pathology in a way that makes things clearer (Zimbabwe).
- Excellent session on neck and pharyngeal anatomy and pathology. Really appreciate it (Saudi Arabia).
- I found the anatomy alongside the pathology very useful. I have always struggled with head and neck anatomy (UK).
- Very impactful session. I learnt a lot. God bless everyone in team DKT (Nigeria).

Head and Neck for FRCR : 1.Pharynx 2. Neck 3. Larynx

- Extraordinary teaching style from Dr. Khan (Malaysia).
- Awesome as usual (UAE).
- Excellent lecture which covered anatomy and pathologies. Thank you, Dr. Khan (UK).
- I liked the extensive and patient teaching style (Nigeria).
- Excellent teaching session (Algeria).
- Excellent case sharing (Hong Kong).
- It's the best (Pakistan).
- Level by level anatomy was well taught (South Africa).
- Anatomical details are very nice and I liked the relevant cases (Netherlands).
- Anatomy and pathological conditions in different neck spaces and how to identify them correctly were well taught (UK).
- Outstanding (Saudi Arabia).
- Covered complex regional anatomy in detail (Pakistan).
- Very systematic lecture with good case presentation (UK).
- It's all good and useful (UAE).
- Anatomy and the cases shown with such a great explanation and demonstration (Pakistan).
- Great lecture. A must for all radiologists to know their anatomy (India).
- Very informative (Saudi Arabia).
- Great session sir. Thank you & all of DKT team very much (Saudi Arabia).
- Excellent and very helpful (Egypt).
- Satisfied and filled the knowledge about spaces (Pakistan).
- Amazing session (Pakistan).
