### Testimonials

- Presented extremely well, one of the best sessions we've had. Explained rationale for findings. Explained differentials. Navigated the images smoothly, session ran well and kept to time. Constructive feedback. Very knowledgeable (UK).
- Dr. Narang is an awesome examiner! I would love to see more sessions of him. Absolutely smooth presentation, nice tips and good management of vivas! (Netherlands).
- Eye opening, really enjoyable cases. I want to thank Dr. Khan for his efforts and for making us a good radiologist (India).
- Excellent lecture regarding MSK cases and explanation. Thank you very much, Dr. Yajur Narang (UK).
- DKT lectures are a blessing for non UK candidates to surpass the exam. We cannot afford the expensive lectures and courses. So, free DKT lectures are a real blessing for us (Pakistan).
- I would be extremely grateful if you could re-broadcast this session. It was very useful for someone like me who's not currently working but can still be in touch with the field of my specialty. Thank you! (Pakistan).
- Nothing to be improved, everything was perfect. I especially enjoyed the management of vivas. Final diagnoses of all cases were clear! (Netherlands).
- Excellent teaching. Very practical cases with unusual presentations. Loved the session (Pakistan).
- I learnt recognizing common things at uncommon places (UK).
- Giving feedback and pointing out mistakes of candidates were on point. Learned through it. I liked the uncommon presentation of common cases (UK).
- Thank you so much from my heart for all what you are doing (Egypt).
- Very good cases, hope to see more of such teaching (UK).
- Awesome radiology forum for learning and improving radiology practice (Pakistan).
- Need more MSK sessions like this. Thanks (UAE).
