## CHEST X-RAY FOR FRCR EXAM PART-2

## Testimonials

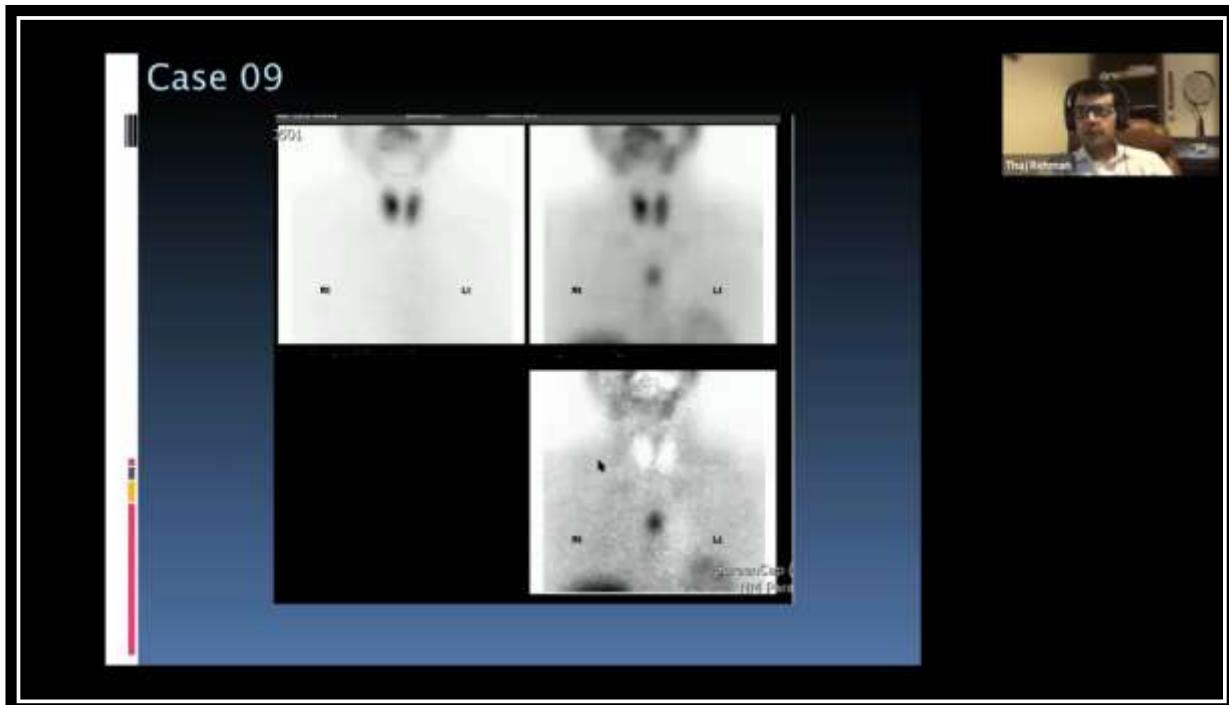

- It's so relevant to FRCR 2B, explaining everything in a simple clear way. The best teaching that I attended in chest. Thank you very much! (UK).
- It was a great learning experience, just like the previous one from same teacher! Keep going! (India).
- Excellent session! It is of great benefit for dealing with Chest X-Rays and to learn about different signs and patterns (Egypt).
- I honestly feel it's the best chest teaching I ever attended (UK).
- Excellent teaching slides in between with short radiological descriptors (South Africa).
- Thank you so much, much needed revisit to the typical X-Rays (Nepal).
- Each case was followed by a descriptive slide, making understanding clearer and more precise (Pakistan).
- Clear images and simple image description with the accompanying signs were useful (Nigeria).
- The deeper differentials of cavities on X-Ray alone were well elaborated (Pakistan).
- Varied cases and vast number of cases shown with precise descriptions and diagnosis (India).
- Wonderful session (Pakistan).
- Various useful cases and signs shown (Libya).
