### Testimonials

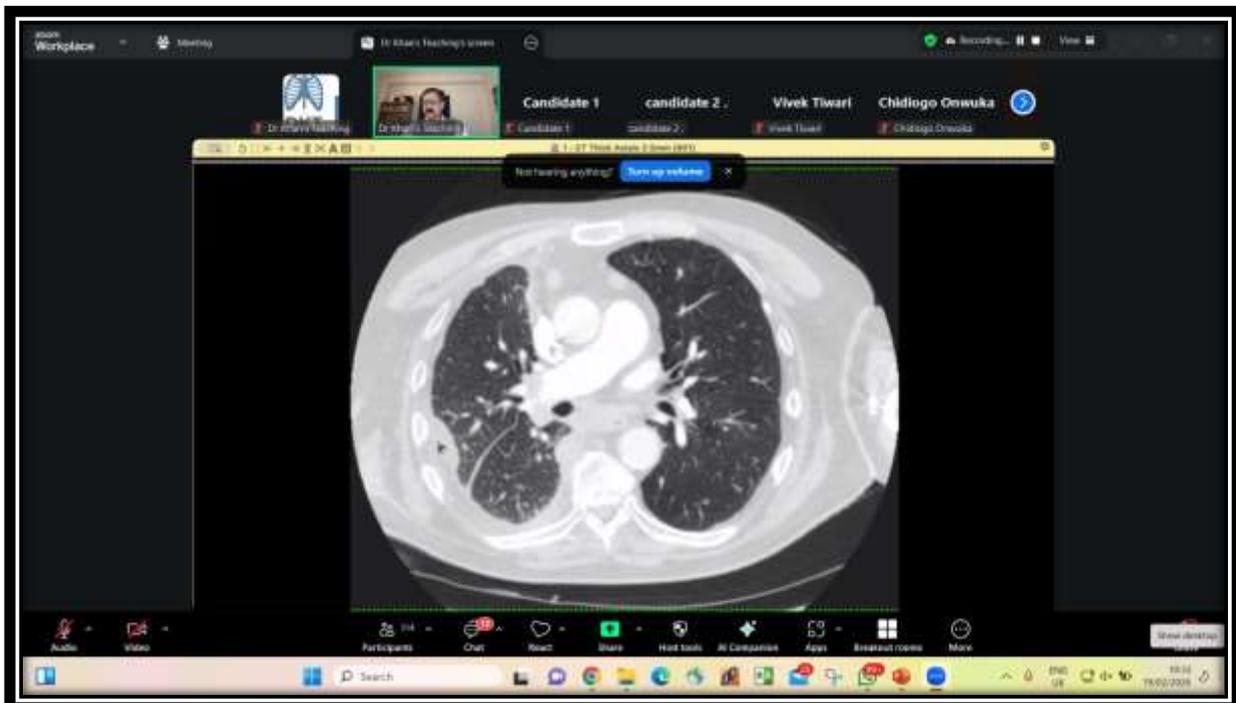

- Really interesting and engaging session. Excellent cases, lots of relevant pathology for the exam; many of them were A&E acute cases, so high yield. I loved Dr. Khan's explanations after each case the most. I learn so much from his explanation, especially regarding the pancreatic NET case (UK).
- Brilliant and so helpful as usual, sir. Waiting for the next session in the same format, and truly appreciating the sincere efforts (Egypt).
- These cases are gold! especially the spine cases! (Zimbabwe).
- Really amazing cases and teaching by Dr. Khan (Iraq).
- Superb. Can't wait for next week's session! Really like this style of viva teaching, and Dr. Khan does it like no other (UK).
- Selection of cases and teaching was very useful. There is always something to learn. Be it something we already know or something new (Pakistan).
- The lecture was very interesting. It covers many interesting cases in an easy way with helpful information (Jordan).
- The teaching by Sir was most useful and valuable (Canada).
- The pattern of image-based teaching was useful (Saudi Arabia).
