## Testimonials

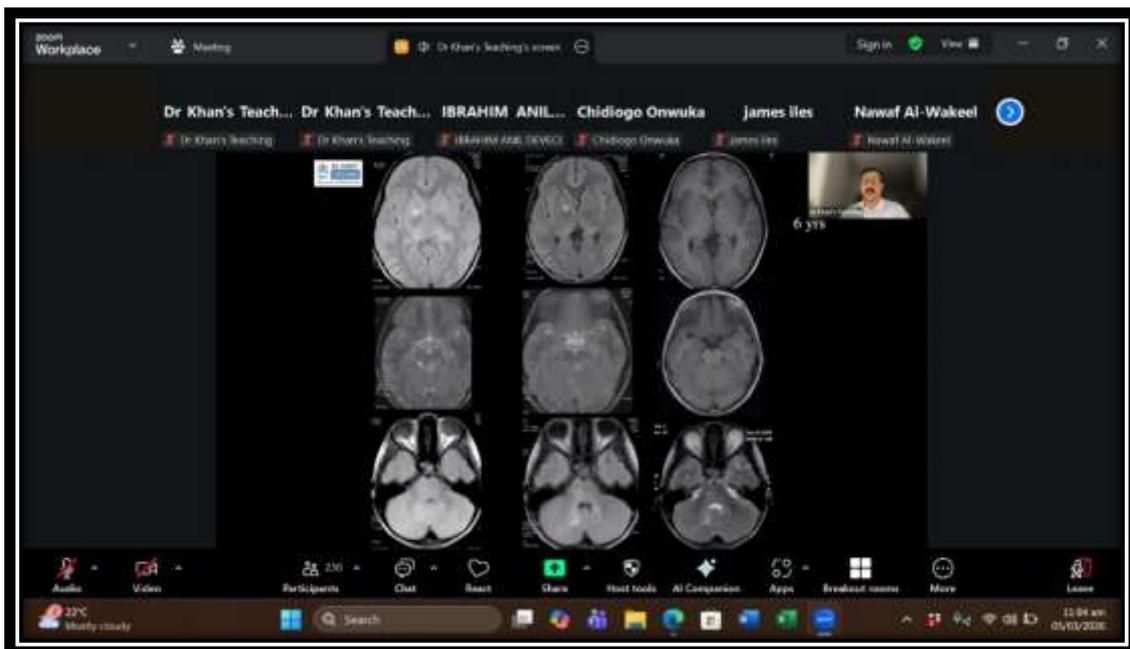

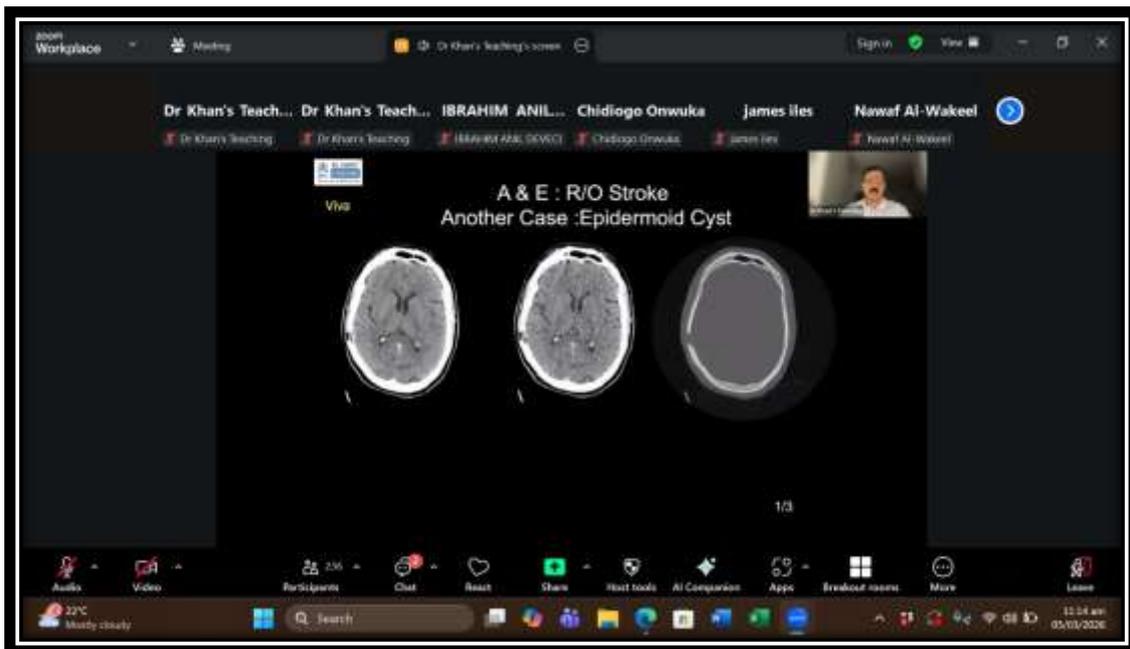

- The lecture was very helpful for me; it covers a lot of nice cases with excellent explanation from Dr. Khan with excellent differential diagnosis. Also, the lecture covers many practical cases in our day-to-day practice and improves our radiological thinking (Jordan).
- A one-of-a-kind, very good, knowledgeable lecture (Australia).
- Brilliant session, super selected cases with very useful teaching as usual by Dr. Khan, many thanks (Egypt).
- The abdominal cases tend to be the hardest; thank you for dissecting through them (Zimbabwe).
- Absolutely wonderful. Keep it up (India).
- An excellent teaching session as always (Nigeria).
- Nice presentation. Thank you, Dr. Khan, for your effort (Jordan).
- The whole lecture was useful, sir. The learning experience was excellent. You explained every case thoroughly, and it was best. Please keep up the good work and continue to share your tips (Pakistan).
- Very good cases and gave a great approach to the exam (Saudi Arabia).
- Excellent teaching style and type of cases were useful (UAE).
- Important teaching points on each of the cases were useful (Ethiopia).
- The discussion, teaching points, and various challenging cases were excellent (Egypt).
- Timed viva practice was most useful, as in an exam it is strictly timed, different from viva practice classes (Saudi Arabia).
- Excellent teaching style. Dr. Khan is the best (UK).
- A reminder to follow the search pattern and look at review areas while reporting was most useful (Pakistan).
