### Testimonials

- Dr. Khan was very knowledgeable and explained concepts in a way that they were easy to follow. The worked examples were clinically relevant and applicable to common scenarios. Dr. Khan presented very interesting cases and walked us through the diagnosis, subtle signs and clinical implications (UK).
- All of Dr. Khan's sessions are very useful and well taught, and we learn how to approach the case from the first look to reach the diagnosis (Palestine).
- All aspects of this lecture were useful and valuable to me (Malaysia).
- The variety of the cases was helpful for exam preparation (Thailand).
- Great cases, I liked MRI teaching, could you please consider MR body teaching sessions, please? (UK).
- The viva session and feedback provided to candidates were excellent (South Africa).
- Super selected cases with very valuable feedback and teaching points, as usual for Dr. Khan. Many thanks (Pakistan).
- The three cases were very much interesting and full of information. Thank you! (Ethiopia).
- Counteractive viva with excellent and informative teaching points on very interesting cases (Kuwait).
- Teaching pearls which help to make the teaching more unique. I liked the MRI rectum case as this was very helpful to understand (UK).
- Excellent teaching. No worries for the technical glitch. The 3 cases were good! (UAE).
- Excellent teaching session (Nigeria).
- Till it stopped – it was perfect (UK).
- No words to appreciate the dedication and hard work by Dr. Khan himself! May ALLAH bless you in both the worlds. Amen! (Pakistan).
- Very grateful that I could attend this session. I learnt a lot even as someone with more limited grounding in the field of radiology (UK).
- Respected sir you have explained us everything in details. Excellent explanation (Pakistan).

- Excellent case discussion. Was amazing to learn how to approach to the cases (UK).
- Excellent teaching and cases. Thanks Dr. Khan (UK).
