Testimonials

- The lecture was very interesting and helpful for me. Every day we learn from Dr. Khan a new style of thinking and a good approach for each challenging case, with deep understanding of difficult cases that which can face us in our day-to-day practice. A great thank you to Dr. Khan for his efforts (Jordan).
- Very good variety of cases with very important take home messages, feedback is invaluable, and I strongly recommend to re-attend sessions, it is really useful, I get more and more benefit (Egypt).
- Excellent variety of cases with amazing detailed subsequent explanation (Nigeria).
- The instructor's presentation and the different cases were amazing (Qatar).
- Very nice presentation with a lot of variety of cases with good and easy explanation. We appreciate your efforts, Thank you Dr. Khan! (Jordan).
- Films for differential diagnoses were helpful for comparison, however on the whole, love Dr. Khan's teaching style (Pakistan).
- Every aspect of the lecture was useful, especially the cases and the teaching style (Nigeria).
- It was very helpful to learn about peritoneal and extra peritoneal spaces localisation (UK).
- I liked the different approach towards cases (Sudan).
- We are looking for more lectures in the future, and I hope that Dr. Khan will continue to teach us with his amazing presentation. Dr. Khan is the best of all lecturers (Jordan).
- The variety of the cases with the concise explanation case by case was so helpful for exam preparation (Thailand).
- Every aspect of this session was useful (India).
- Interesting cases, well presented (Austria).
- All the aspects of this session were useful (Yemen).
- Excellent explanation by the moderator (UK).
