### Testimonials

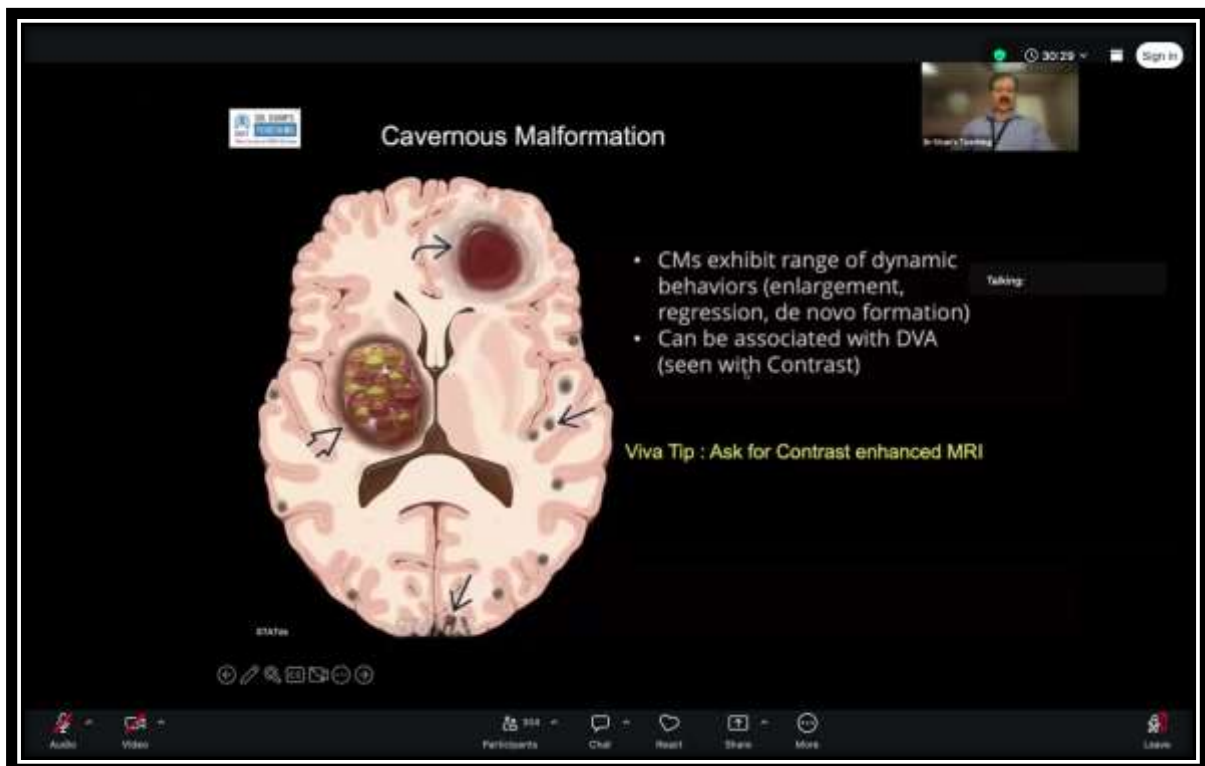

- The lecture was very helpful for me. Dr. Khan is a great teacher as in every new lecture, we learn a new style of thinking from Dr. Khan. In this lecture especially, we learned a lot of important information about Crohn's disease and its complications in old generation studies such as barium meal and barium follow-through. I think there is no teacher in the world who can present these lectures as Dr. Khan. The easy explanation and good understating of pathophysiology of different types of diseases can only be achieved by attending these sessions presented by Dr. Khan. Again, I really appreciate your efforts Dr. Khan! (Jordan).
- Thank you Dr. Khan for the most informative FRCR viva cases, top tips, differentials A to Zee session, we have enjoyed your unique approach to differential diagnosis (Sudan).
- This was a very beneficial session. All the cases were important topics and we got to revise those. The teaching part is always the best (Pakistan).
- Cases are super-selected with crucial take home messages and very helpful feedback to candidates, brilliant session as usual, many thanks to Dr. Khan and the team (Egypt).
- The feedback on how to present cases for 2B was very useful, the presented variety of cases was also helpful to learn about since it is not seen often in everyday practice (UK).
- Excellent variety of cases with amazing theoretical knowledge (India).
- Very helpful lecture with easy and informative explanation. Thank you Dr. Khan for your efforts (Jordan).
