Testimonials

- What I would like to emphasize is that these lectures serve as a fundamental basis for the FRCR exam, despite the wide variety of available resources. This is all thanks to Dr. Khan, who created these high-quality lectures; they consistently feature fresh insights and essential concepts that are crucial for any candidate. Furthermore, regarding today's session, Dr. Khan—as always—presented a range of cases that were both engaging and tricky. Yet, it was the way he presented them that truly stood out; every session builds new and fascinating knowledge. Many thanks to Dr. Khan for this outstanding effort (Jordan).
