Testimonials

- Brilliant session as usual, super-selected cases with very concise feedback and very important take home messages for both practice and 2B exam. Many thanks out great teacher and team DKT (Egypt).
- Dr Khan is a gem. Thank you sir for arranging such a platform for us. Loved watching sir's classes (Pakistan).
- To begin with, I would like to note that this particular type of lecture marks a clear shift from the standard, routine cases to those that are significantly more challenging and complex—an approach that Dr. Khan consistently aims for, and which is especially evident in this specific lecture. Several of the cases presented were quite tricky and inherently difficult; for instance, the case of a hematoma of the falciform ligament, among many others of equal importance. Truly, every session with Dr. Khan—who possesses such deep expertise in explaining all aspects of radiology—reminds us that we are still only at the very beginning of our journey. Once again, I would like to thank Dr. Khan for his wonderful efforts (Jordan).
- Being based on day to day cases was most useful (UK).
- The cases and presentation style were useful (Türkiye).
- Every aspect of the session was useful (Nigeria).
- Very interested lecture! (France).
- Excellent radiological explanation was useful (Sudan).
- The abdominal cases were useful (South Africa).
- Great session (Libya).
- Case discussion and anatomy review diagrams were useful (Egypt).

Pre-recorded FRCR 2B Practice Viva (Session - 171) - THE POT POURRI OF FRCR VIVA CASES - Top Tips, Differentials, "A to ZEE" & More! (Session 21)

- Nice cases were useful (UK).
- All the viva cases with explanations were useful (Malta).
- Good cases and discussion were useful (India).
- Perfect with variable cases (Egypt).
- Excellent teaching session as always (Nigeria).

- Variety of cases chosen was remarkable (Pakistan).
- Very helpful (Egypt).
- Very good learning (Pakistan).
- Great session (Jordan).

The image shows a Zoom meeting window. At the top, the title bar reads "Pre-recorded FRCR 2B Practice Viva (Session - 171) - THE POT POURRI OF FRCR VIVA CASES - Top Tips, Differentials, 'A to ZEE' & More! (Session 21)". Below the title bar, the meeting controls show "DrHawra Mohsin" as the current speaker. A green banner indicates "You are viewing Dr Khan's Teaching's screen". A warning message states: "Please enable access to your [microphone](#) and [camera](#) for the best experience." The main content area displays a slide with the following text:

Differential Diagnosis

Falciform ligament Infarction

Do not confuse it with falciform ligament hematoma !

At the bottom of the Zoom window, the meeting controls bar is visible. The "Participants" icon, which shows 201 participants, is circled in red. Other icons include Audio, Video, Chat (with 14 messages), More, and Leave.
