Testimonials

- These are the best learning sessions. Even if these sessions are replayed over and over, we would learn something new every time. Thank you Dr. Khan (Pakistan).
- Brilliant session as usual, sincere efforts of our great teacher and team DKT are really appreciated (Egypt).
- The lecture was both highly enjoyable and helpful. Dr. Khan presented a series of rare cases involving various types of calcifications—conditions that could potentially pose a challenge for an examinee—yet he skillfully and seamlessly explained how to distinguish between them. Furthermore, he revisited several cases discussed in previous sessions, such as polyarteritis nodosa, which highlights his commitment to reinforcing previously covered concepts and diverse clinical ideas. As always, he provided a detailed breakdown of the differential diagnosis for each case, tailored to the specific clinical context presented. Overall, it was an exceptionally brilliant and useful discussion. Once again, thank you to Dr. Khan for his outstanding effort (Jordan).
- As always Dr khan lectures are the best one especially for exams preparation either that is for FCPS viva or FRCR 2B they really do help a lot. This is a great platform for us. Thank you sir (Pakistan).
- Every aspect of the session was useful. The cases and the explanations are wonderful (Nigeria).
- Teaching was excellent, simple and concise (South Africa).
- Nice, better this Thursday class may be repeated once (Saudi Arabia).
- Excellent teaching session. Always a pleasure to be part of the sessions (Nigeria).
- Happy to attend (Egypt).
- Very helpful and excellent session. Thank you, Dr. Khan for your efforts (Jordan).
- The case selection and the grip of Dr Khan on the art of teaching is exceptional (Pakistan).

Pre-recorded FRCR 2B Practice Viva (Session - 172) - THE POT POURRI OF FRCR VIVA CASES - Top Tips, Differentials, "A to ZEE" & More! (Session 22)
